## About this property

Set to be ready in Q3 2027, this four-bed apartment in Business Bay's VELA Viento will be a dazzling new addition to the Dubai skyline. The 10,032 sq. ft. home sits on the Dubai Canal, enjoying 180-degree views of not only the calm waters, but also of Downtown Dubai and its iconic Burj Khalifa.

VELA Viento has been designed by Foster + Partners to blend indoor and outdoor living. A biophilic landscape includes lush greenery and majestic water features. This tranquil air flows into the interiors via a grand terrace and floor-to-ceiling windows, which allow for residents to soak in the panoramic views as they relax and entertain. These exquisite living spaces have been designed by Gilles & Boissier. They feature an open-plan layout with strikingly high ceilings, imposing white columns, contemporary décor and neutral colours.

The four bedrooms, meanwhile, are sophisticated sanctuaries with parquet and high-end wooden finishes. Though with heightened privacy, they also open out to the views beyond. Six bathrooms accompany.

Residents can also take advantage of stellar community amenities:

- Sky amenities deck with infinity pool, double-height gym and more
- Podium amenities including a spa and indoor pools
- Outdoor hanging dining rooms between towers
- Cinema
- Fitness studio
- Concierge and personal valet
- À la carte services
- Access to the Marasi Bay Promenade
- Access to VELA and The Lana hotel amenities
